Testimonial for Marta Williamson, My Local Solicitor Limited

When your personal circumstances change, there are various legal matters that need to be dealt with, especially if you want everything you have worked for, to be left to the right people, on your death. Marta at My Local Solicitor Limited, not only dealt with a new will for me, but also Lasting Powers of Attorney, to cover my personal finances and health.

Marta made the whole process painless. She was efficient and her advice was priceless. She even prepared an interim will for me, which I was not aware I could do. We initially met over Zoom and then Marta came to my office, to go through everything and have me sign the paperwork.

The most difficult part of the process was explaining to my two children, who are in their early twenties, what an LPA was. They were more than happy when they realised it gave them power over me!

Thanks to Marta and the team at My Local Solicitor Limited. I am more than happy to recommend you to all my family, friends and business contacts.
